Reporting of insured events

To receive medical service the insured person may contact ERGO's medical partners or a service provider of their own choice. In case of compulsory health controls indemnity will be indemnified only to policyholder.

When contacting ERGO's medical partner, the insured has to inform the service provider about having ERGO's health insurance. ERGO's medical partner then can send invoice for provided medical service directly to ERGO and insured person **does not have to submit indemnity application to ERGO**. In case of deductibles or insufficient insurance coverage to cover expenses in full amount the insured person receives an invoice from ERGO or service provider after medical service has been provided. The contact information on ERGO's partners is available here: <https://www.ergo.ee/private-clients/health-insurance/health-insurance-partners>

When using **medical institution outside ERGO's partners' list**, the insured person pays for all medical services first to medical service provider and then presents the indemnity application with payment confirmation to ERGO. For Inpatient care ERGO always pays directly to medical service provider. In terms of an insurance case ERGO compensates occurred medical expenses.

Indemnity application can be submitted by insured person via "ERGO Estonia" health insurance mobile app.

An insured event can also be submitted by submitting a damage notice on ERGO's website <https://ergo.ee/en/claims/health-insurance-claim>

Notification of the policyholder

According to § 429 of the Law of Obligations Act, no annual letter of notification will be sent regarding the health insurance contract because it does not form a life provision. No reserve is formed for the insurance contract and no return value is created for the insurance contract. The insurance contract cannot be made non-payment.

Law governing insurance contracts

Insurance contracts are governed by Estonian law. A claim under the insurance contract may be filed with Harju County Court.

Settlement of complaints and supervision

If you are not satisfied with ERGO's activities, you have the right to send a complaint to the e-mail address info@ergo.ee. You also have the right to file a complaint against ERGO's activities with the Financial Supervision Authority, address Sakala 4, Tallinn. www.fi.ee. In order to resolve a dispute with the insurer, you can contact the insurance conciliation body, which operates at the Union of Estonian Insurance Societies. Before the conciliation procedure, a claim must be submitted to the insurer in the disputed matter and the insurer must be guaranteed an opportunity to respond to the claim. If the customer is not satisfied with the insurer's answer, he can contact the insurance conciliation body. More information is available on the Estonian Insurance Association's website www.eksl.ee. Disputes arising from insurance contracts, including disputes for which an agreement has not been reached in the insurance conciliation body, are resolved in Harju County Court.
